FILE HEADING.

Supply of medicines from the Govt Med Stores to other Departments.

From

The Offg Conservator of Forests in Mysore.

No. 1081 Dated 28·7·14 Received 29·7·14

Diary No. 1035	Enclos. 5 Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Requests issue of instructions to the Comptroller fixing the kinds and quantities of medicines to be supplied annually to the Forest Dept as per list enclosed.

NOTES AND ORDERS.

The Senior Surgeon may, if appd, be consulted unofficially as to whether the medicines as per list recd from the Conservator of Forests may be ordered to be supplied annually ~~from~~ from the Med Stores to the Forest Dept and what the cost thereof amounts to.

3 The medicines included in the list forwarded by the Conservator of Forests are such as may be required by the officers of the Forest Department while on duty in the forests.

4 The quantity of quinine to be supplied to the District Forest Officers of Mysore and his Range Officers is more than twice that proposed for officers of other districts and may be reduced to the average of the latter.

5 If the quantities of medicines in case have been fixed by the Conservator from past experience of the requirements of each officer according to the amount of touring done, the prevalence of particular diseases in the localities concerned and the average number of individuals to whom the medicines have to be administered, then the quantities as shown in the list sent by the Conservator may be accepted as the maximum to be supplied

14	Submitted with a draft calling for information on the points referred to in the note by the Fl Branch & the N.O. note by the Senior Surgeon. Adm-51 24.9.14 25/9 15 Issue Es 12/10
16	
3	To the Ag Conservator of Forests. Letter no: 3100 dt 14.10.14 Enquires whether the Forest Deptt has been spending not less than Rs 525 on account of medicines supplied by the Med Deptt & if so, from what source & whether the quantity of quinine shown in the list as necessary for the officers of the mysore district may be reduced to the average quantity required for officers of other districts.
4	17 Letter no: 6888 dt 15.1.15 from the same officer. States with refce to Sl: 3 that the average annual cost of medicines supplied to the Forest Deptt is about Rs 364/, that the cost as estimated by the Senior Surgeon viz Rs 525 is perhaps due to increased rate & the large number of chests now indented for than in previous years and that for reasons mentioned the quantity ~~indented~~ of quinine indented for the mysore district ~~cannot be reduced~~ is not capable of being reduced.

4497d.2209 (7

R. S. 12]

General and Revenue Secretariat

Med File No. 28 of 1914-5

Serial No.	
18	It will be seen from the Conservator's letter ~~no~~ that the cost of medicines proposed to be supplied to the Forest Dept according to the Scale suggested amounts to Rs 525, while the average cost of medicines incurred by the Forest Dept during previous years was Rs 364 per annum. The increased cost is attributed to the larger number of Chests of medicines now indented for than in previous years and the increase rate for medicines. Branch II may be again consulted whether the supply of medicines according to the Scale proposed may be authorized. Vide paragraph 10 Supra.
	Adm-51 22.1.15 25/1
	19 Do Br II 26/1/15
20	From para 5 above it will be seen that the Sr Surgeon does not say that what is now required by the Conservator is really necessary.
21	~~And is~~ In the absence of any other data, the Forest Conservator may be asked to send estimates not costing more than Rs 364 p.a the average Exp[t] of past years. There is no reason why this should be raised merely because an order is to be passed

Flmis 401 of 14-15.

Serial No.

regularising the existing practice

For IV) 12-2-15

22 The Exp^r will have to be met from the Forest Budget without raising it.

In the Chief Com^r's Notification it is said that "tin boxes of medicines similar to those supplied for the use of Inspectors of Schools & Post-Offices may be supplied by the Conservator of Forests". If the kind of medicines to be furnished for these boxes is defined anywhere, it will be possible to judge whether the present bill is correct or not. Considering that now-a-days Govt. dispensaries are established in many places, it is only very few Emergent medicines that are required and so there is no reason why the present Exp^r should be exceeded.

For IV). 12/2

23 Submitted.

The Conservator of Forests in his letter of 15.1.15 (Sl:4) accounts for the increase of the cost as estimated by the Senior Surgeon, by stating that it may be partly due to increased rates for medicines. In his U.O note (para 5 supra) the Senior Surgeon

Serial No.

has stated that the scale suggested by the Conservator may be accepted as the maximum.

24 Subtd for orders with refee to the opinion of the Hl Asst Secy.

16.2.15

Linked file is also pending

BS
17/2

25 In the last one years, the market rates could not have risen by nearly 50 p.c. Further as observed by Brll, the proposed hospitals must minimise to a great extent the necessity for additional expenditure on this score.

26 If approved, the conservator of forests may be asked to modify the indent so as not to increase the amount over cost incurred in the previous years, unless absolutely necessary. Further from the correspondence in the linked file ~~it~~ it appears that there has been a tendency of late in the Forest Department to increase the amount under this head.

Draft annexed in the red file will be put up after the return of the file from the Hy Secy

Proceedings of the Chief Commissioner of Mysore, General Department

23rd June 1875.

From Arthur Howell, Esqr., Offg. Secretary to the Government of India, Home Dept. to the Surgeon-General, Indian Medical Department, No. 335, dated Simla, the 3rd June 1875.

With reference to your letter No. 46, dated 9th April, I am directed to request that in future tin-boxes of prepared medicines, similar to those furnished for the use of Inspectors and Sub-Inspectors of Schools and Post offices, may be supplied on indent to Conservators of Forests. The number to be supplied annually to each Conservator should be regulated by the Local Government or Administration to which he is subordinate, and the charge should be debited to the Forest Department.

2. I am also to authorize the annual supply to the Conservator of Forests in each Province at cost price of a stock of quinine for the use of the officers and establishments under his orders. The quantity supplied should likewise be determined by the Local Government or Administration, but should in no case exceed ten ounces a year.

With reference to your letter
No: 1081 dt the 28th July'14 about fixing
the kinds and quantities of medicines
to be supplied annually for the use of the Officers
of the Forest Deptt, ~~to the classes~~
I am directed to state that the
cost of supplying medicines according
to the scale indicated in the list
received with your letter is estimated
by the Senior Surgeon to amount to

over.

SUBJECT.

25

Rs 525/ and to enquire whether the Forest Department has been ~~Lakhs~~ Spending not less than this amount on account of medicines obtained from the Medical Department and ~~from~~ from what Source the cost of Such medicines will be met.

2. I am also to request you to kindly intimate ~~to~~ why the quantity of quinine shown in the list submitted with your letter as necessary for the District Forest officer and the Range officers of the Nuppore District is more than twice that proposed for the officers of the other districts, and whether the same may be reduced to the average quantity required by ~~the~~ the latter ~~Say~~ 1600 ~~pills (each box of one pill)~~.

OFFICE OF THE CONSERVATOR OF FORESTS IN MYSORE,

No. 6886 *Bangalore, dated* 15th January 1915.

Enclosures 1

From

M.G.Rama Rao, Esquire, B.A.,

~~RAMGRAHAMWRXMXXXXXXHAXXXXXXX~~

Offg Conservator of Forests in Mysore.

To

.....D.H.Narasinga Rao, Esquire, B.A.,L.,

Offg. Secretary to the Government of
H. H. the Maharaja of Mysore,
General and Revenue Departments.

SIR,

With reference to your letter No.3100/Med.28-14-3 dated 14-10-1914, I have the honour to submit herewith a statement showing the medicines supplied from the Medical Stores to the officers of this Department and to state that the average annual cost of medicines comes to about Rs.364/- The cost of supplying the medicines estimated by the Senior Surgeon, namely, Rs.535/-. may, perhaps, be attributed to the increased rate and to the larger number of chests of medicines now indented for than in previous years as will be seen from the list forwarded with this office No.10811 dated 28-7-1914.

With regard to para 2 of your letter referred to above the District Forest Officer, Mysore, reports that as the Forest staff in malarial stations is subject to fever constantly, a greater quantity of quinine is consumed by patients

GPB—800—19-3-14

and that therefore he does not think it is capable of reduction.

I have the honour to be,

Sir,

your most obedient servant,

Offg. Conservator of Forests in Mysore.

the existence of Local Fund Dispensaries in many places ought to minimize to a great extent the necessity for additional expenditure on account of medicines required for the use of touring officers.

2. I am therefore to request you to be so good as to submit for the orders of Govt a revised Statement showing quantities of medicines of different kinds the ~~medicines~~ required for the use of officers of the Forest Dept annually, the Scale being so fixed as not to increase the average expenditure viz Rs 364 per annum incurred during previous years. The Senior Surgeon may be consulted if necessary in regard to the cost of medicines absolutely necessary for use.

Office of the Conservator of Forests in Mysore.
No. 10806 Dated Bangalore, ... 23rd April 1915.

From

M.G. Rama Rao Esquire., B.A.
Offg. Conservator of Forests,
in Mysore.

To

D. L. Narasinga Rao, Esquire., B.A.B.L.
Offg. Secretary to Government,
General and Revenue Departments,
Bangalore.

Sir,

Referring to para 2 of your letter No. 6832 Med. 28-14-5 dated the 5th ultimo, I have the honour to forward herewith a revised statement showing the kinds and quantities of medicines required annually for the use of the officers of this Department and to state that both the kinds and quantities of medicines originally proposed have been curtailed so far as this could be done consistently with the real requirements of the officers concerned, with a view to keep the expenditure well within the average of previous years.

It is learnt that the rates given in the statement are those that are prevailing in the Firms in England and are exclusive of the cost of bottles, transmission charges etc, which are estimated to cost about 25 percent of the value of the articles. They are said to be subject to fluctuation of the market on account of the war.

I request the favour of your kindly obtaining the sanction of Government for the supply of the medicines annually to the Forest Officers from the medical stores as per revised

revised list now submitted.

I have the honour to be,
